MVP Features:

- Links that allow you to filter by the product category (i.e. show only 1 brand)
- Cart updates with item count and total price before tax when you add a product to cart
- Signup at bottom lets you input your email and sign up to receive weekly offers
 - If your email already exists in the list, an alert will let you know you are already subscribed
 - If you don't put in an email or it wasn't an email address, there is an error message to let you know you didn't input an email or didn't put a real email address (no @ symbol and no .com/.org/.net/etc.)
